

Detailed conditions and mode of recruitment, including admission limits in the first year of study at the School of Medicine in English in the JU Faculty of Medicine, in the academic year 2019/2020.

§1

The following document defines the detailed conditions and mode of recruitment to the first year of the following full-time undergraduate programs:

- 1) MD program in English;
 - 2) DDS- doctor of dental surgery program for high school graduates;
- pertaining to Polish nationals and foreigners.

§2

1. The formal requirement to seek enrolment to the programs listed in §1 is:
 - 1) holding a document confirming knowledge of English on CEFR level B2 allowing for studying in this language, if one's high school education was conducted in a language other than English. The CEFR level B2 must be verified with certificates: IELTS – min. 6.5 points; TOEFL iBT – min. 87 points and min. 3.5 points from the written assignment TWE; TOEFL PBT – min. 510 points; TOEFL CBT – min. 180 points; or equivalent.

For applicants from Scandinavian countries accepted are English course grades on their high school leaving certificate. The minimal accepted grades are as follows:

 - a) for applicants from Norway: 4;
 - b) for applicants from Sweden: C (VG);
 - c) for applicants from Denmark: 7.

If an applicant from a Scandinavian country did not obtain on their high school leaving certificate the minimal accepted grade in English, they are obliged to present one of the documents confirming knowledge of English on CEFR level B2.
 - 2) holding a high school diploma or a high school leaving examination certificate or a general certificate of secondary education that in the country of issuance enables them to be admitted to a MD-Medical doctor program or DDS-Doctor of dental surgery program,
 - 3) having completed, at high school and/or during their supplementary education, courses in the subjects: chemistry and biology or physics, confirmed by a certificate with a grade or indicated in the general certificate of secondary education.
2. The basis for determining a ranking list is the qualification result expressed by the number in the range from 0 to 100, based on the result of a written exam in *Reasoning and Critical Thinking in Pre-medical Sciences* taken in English.
3. Limit of places:
 - 1) MD program in English:
 - a) upper limit of places (irrespective of applicants' nationalities): 125;
 - b) lower limit of places: 32.
 - 2) DDS program in English for high school graduates:
 - a) upper limit of places (irrespective of applicants' nationalities): 20;
 - b) lower limit of places: 12.
