

**Appendix to School Regulations**

**Regarding USMLE Step I & 2 results/requirements & Postgraduate Training following graduation**

Students are requested to disclose the scores obtained in taking the USMLE Step 1 and 2 examinations as well as information regarding postgraduate training following graduation. JUCM will not issue copies of transcripts and diplomas to students who do not comply with this request. This data is necessary for the school to assess the effectiveness of its curriculum in preparing students to practice medicine upon graduation and to be in compliance with various international licensing bodies. JUCM, on its part, will guarantee personal data protection as required by pertinent laws and regulations. The data is stored in accordance with the rules of keeping records fixed by the Chancellor of the Jagiellonian University.
