

## SUMMER CLERKSHIP OVERVIEW

PROGRAM OF STUDY	YEAR	FIELD OF CLERKSHIP
MD program for University/College students	M-3	<b>SURGERY</b>

LOCATION	Surgical Ward
DURATION	<p><b>2 weeks, 60 h</b> (5 days/week, 6 h/day)</p> <p>During that time, student must complete two <b>on-call duties</b> between 2 pm and 8 pm on the ward. On the on-call days, active interns are excused from presence in the obligatory activities the following day.</p> <p>Excused <b>absence</b> can be granted to the active intern only on submitting formal medical certificate. Illness longer than one week causes internship to be lengthened by the time of absence.</p>
SUPERVISION	<p>Head of the respective Ward / Department or a preceptor assigned by him/her determines scope of responsibilities and the clerkship schedule, and oversees the student's work. The preceptor should be a physician with adequate general and professional competence.</p> <p>If possible, student should perform all medical activities under supervision of the preceptor.</p>
CREDITING	<p>The preceptor is responsible for fulfillment of clerkship outline and grants credit to student by filling out <b>the Certificate of Summer Clerkship Completion</b> (provided by the JU MC SME).</p> <p>The student is obliged to keep record of all performed procedures and acquired skills in the <b>List of Approved Procedures</b> booklet.</p>
PROGRAM OF CLERKSHIP	<p>During clerkship, student should:</p> <ol style="list-style-type: none"><li>1. get acquainted with organization of surgical ward (admission room, operating theatre, wound dressing rooms, principles of admission, medical records keeping and discharge procedures);</li><li>2. become familiar with types of surgical tools and apparatuses used in a surgical ward;</li><li>3. improve medical examination and diagnostic skills, particularly in emergencies;</li><li>4. learn wound sewing and dressing, procedures applied in case of fractures and burns;</li><li>5. learn principles and methods of local anesthesia;</li><li>6. participate in rounds and morning reports prepared by on-call physicians;</li><li>7. actively participate in the ward operation, performing basic procedures, change of dressings, applying infusion drips, collecting specimens for diagnostic tests;</li><li>8. learn principles of aseptics and antiseptics, as well as pre-surgical scrubbing techniques;</li><li>9. participate in performing surgeries in an operating theatre.</li></ol>
