

## JAGIELLONIAN UNIVERSITY MEDICAL COLLEGE

### Covid-19 Safety Procedures for dormitories -residents

#### 1. Moving-in

- Dorm accommodation can be granted only to a person not presenting any symptoms suggestive of COVID-19 such as fever, cough, muscle and joint pain. Also in case of symptoms of respiratory infection, considering necessary safety measures student is required to stay home until all such symptoms fully recede.
- Each moving-in individual must fill a questionnaire answering questions about health condition and symptoms observed.
- Students who share accommodation with a person in quarantine or home-based isolation or who are in quarantine or in isolation themselves will not be admitted as dorm residents. **On move-in each student must submit the result of SARS-CoV-2 smear test.**
- Individuals who, due to health problems are unable to move-in within the period of validity of the decision granting place in a dormitory should report this fact to the dorm management. They will be registered on-line as residents, but after recovery should personally appear at the dorm administration office or their granting decision will be prolonged. In each of the above cases they do not lose their right to dormitory accommodation.
- Move-in at a later date does not exempt dorm residents from payment of accommodation fees starting from 1<sup>st</sup> October.
- Move-in procedures will be taking place during seven days from 30<sup>th</sup> September to 6<sup>th</sup> October.
- In order to facilitate the move-in process, student chooses a convenient date between 30<sup>th</sup> September and 6<sup>th</sup> October . Moving-in starts at 8.00 a.m. after prior notification stating the date and hour of arrival.

- While waiting to enter the dormitory premises students are asked to observe the applicable sanitary regulations, i.e. cover their mouth and nose ( **disposable or reusable face mask**) and keep at least 2 m distance. Persons who due to health reasons are unable to wear a mask should wear face visors.
- Entrance to the dormitory premises is allowed only to individuals intending to move-in as residents, entrance of accompanying persons is forbidden due to safety reasons.
- Before entering the dorm premises students are asked to wash their hands with a sanitizer provided by the administrators.

### **Everyday functioning of dormitory**

In order to ensure health safety, any non-residents, including parents and siblings are prohibited from entering the dorm premises.

- Students are requested to use sanitizing liquids placed at entrances to the buildings at the reception desk and before entrances to common spaces.
- When using at the dorm premises, such facilities as generally accessible benches, barbecues, bike stands or smoking areas, residents are required to maintain 1.5 m social distancing.
- For health safety reasons any shared facilities, except kitchen and laundry, will be unavailable.
- In every kitchen there can be not more than two persons at a time
- Every laundry room can be used by only one person at a time
- Dorm residents are requested to wear face mask at the entire premises except their own room.
- Individuals violating the above instructions will bear consequences specified by the Residents Council

## **2. Quarantine**

### **Dorm resident reporting contact with a person having COVID-19**

- In case of contact with a person ill or suspected of having COVID-19, a dorm resident is asked to immediately report this fact by phone to the dormitory management
- Such person will be quarantined in the rooms specially adapted for this purpose.
- Dormitory administrators are obligated to report any such case to the sanitary authorities in order to set out the next steps.

**Dormitory resident testing positive for SARS-CoV-2 infection.**

- In case of having received positive result confirming SARS-CoV-2 infection, a dorm resident is asked to immediately report this fact by phone to the dormitory management
- Dormitory administrators is obligated to report each such case to the sanitary authorities in order to set out the next steps.
- Depending on health condition student will be moved to isolation facility or referred to hospital.

In each of the above cases dormitory resident is required to provide the dormitory administrators with a list containing particulars of individuals he contacted. Quarantined persons are strictly forbidden to leave their rooms

**Any violation of the above rules will be reported for consideration to the Council of Residents.**
